

HAMMOND SCHOOLS WILL OPEN NEXT TUESDAY

All arrangements have been completed for the opening of the Hammond public schools Tuesday, September 2nd. The several school buildings have been thoroughly overhauled and put in a satisfactory sanitary condition. The corps of teachers is complete and assignments to the several buildings and grades were mailed to the teachers last Friday. There will be the usual number of changes in the teaching force, and the superintendent received a number of "last minute" resignations, but all positions have been filled or will be filled temporarily with competent substitutes. The outlook for a successful school year is encouraging.

The most notable changes are in the superintendent's office and the principalship of the Industrial high school. Superintendent Edwin S. Monroe will succeed C. M. McDowell, who was head of the Hammond schools for fourteen years. Mr. Monroe comes to Hammond from Muskogee, Okla., where he had been superintendent of schools for the past ten years and in that new and growing city of forty thousand population, had built up a system of schools modeled as the leading school system of the entire Southwest. Prior to going to Muskogee, Superintendent Monroe held similar positions at Frankfort and Mount Vernon, Ind. He is a native of Indiana, educated at the State University and the State Normal School, and is a member of the Board of Education, while looking for a superintendent, visited the Muskogee schools and found them so highly efficient both in the administration and instruction departments that Mr. Monroe was invited to the superintendency here. He was endorsed for the position by the Board of Education, while looking for a superintendent, visited the Muskogee schools and found them so highly efficient both in the administration and instruction departments that Mr. Monroe was invited to the superintendency here.

He was endorsed for the position by the Board of Education, while looking for a superintendent, visited the Muskogee schools and found them so highly efficient both in the administration and instruction departments that Mr. Monroe was invited to the superintendency here.

Professor Spohn, the new principal of the Industrial high school, is well known to the people of Hammond. He was formerly instructor in English in the local high school, but for the past several years he has been a teacher in one of the Minneapolis, Minn., high schools. Ralph Kenny, also returns to the Hammond high school after service with the army in France. Francis Brophy, head of the English department, is a graduate of the University of Toronto and A. M. from the University of Chicago. In addition to large experience in teaching, he was for several years a newspaper man and magazine writer. The new principal of the Irving school is Herbert Cortright, for some time connected with the Crown Point schools.

Courses in vocational education will be re-established in the schools during the ensuing year. Fred S. Barrows, a competent and experienced man, has been selected as director of this work. It is planned to place him in charge of the manual training, home economics and other vocational features of the course of study. A night school will be organized to begin early in October and it is the intention to conduct part-time and continuation schools in connection with such manufacturing establishments as will co-operate with the schools. Hammond presents a fruitful field for an extended vocational program, and it is the intention of the school authorities to carry on some effective work along this line. Mr. Barrows was for a number of years principal of the "Boys' Vocational School" of Racine, Wis., and during the war was employed by the government in the establishment of vocational schools in factories and manu-

facturing establishments. He has special qualifications which should make this work eminently successful.

All teachers will register in the superintendent's office Monday, September 1, and actual work will begin Tuesday morning. A general teachers' meeting will be held in the central school auditorium, 2:30 p. m., Tuesday. Pupils will enroll Tuesday morning at their respective school buildings, receive book lists, lesson assignments and other instructions from their teachers, and the work of the term will be started promptly. Parents are urged to see that their children start on the first day, procure books, school supplies, etc. In order that there shall be no waste of time. High school pupils who have not already enrolled will report at the Industrial high school before the opening of schools for registration, adjustment of programs, etc. Delay in enrollment, class assignment, etc., will necessarily handicap pupils at the beginning of the term and, therefore, all are urged to attend to this matter before recitations begin regularly Wednesday morning. Lesson assignments will be made Tuesday, and time will be given to procure the necessary books and supplies. The high school principal and assistants are in the principal's office every day during the current week to enroll students.

The following is a complete roster of the school organization, assignment of teachers, etc., for the ensuing year. Assignments to grades, etc., are tentative only and subject to change if deemed necessary after schools begin:

Epitacio Pessoa, Brazilian delegate to the peace conference and visitor to the United States, recently returned to his native land on board the U. S. battleship Idaho and was at once inaugurated president of the republic. The upper photo, taken from an airplane, shows the American battleship being greeted by a fleet of Brazilian vessels as it entered the port of Rio de Janeiro. In the lower photo President Pessoa is seen leaving the government building after having taken the oath of office.

Dozens of delegates from parts of Michigan and Indiana arrived in Gary today, to attend the opening session of the convention of the Polish Falcons, of district number six, which will be held at the Koyne building, at 15th and Massachusetts street at eight p. m. tonight.

Tomorrow's program will consist of a monster parade starting at 1 p. m., and will march to the Froebel school grounds where a monster open air athletic program will be given. Sunday evening the Polish choir will render a pleasing program at Turner Hall at 14th and Washington street. The regular business session and election of officers for the ensuing two years will be held.

CHICAGO BOYS FOR BEN TINDSAY

"Kid" Judge of Denver will Not Go To Jail if They Can Prevent It.

(INTERNATIONAL NEWS SERVICE) CHICAGO, Aug. 29.—Judge Ben Tindsay, the "Kid" judge of Denver, Colo., will not be put into jail if the boys of Chicago can prevent it by raising \$500.

Several months ago Judge Tindsay was fined \$500 for contempt of court when he refused to tell what a boy witness in a case in Denver had confessed to him. The judge said he would rather go to jail than betray the confidence of the boy. The court held this was contempt of court and fined Judge Tindsay \$500. So far the judge has refused to pay this fine and insists he will go to jail before he does.

Members of the Boys' Brotherhood Republic have started a campaign in Chicago to raise the \$500 for the judge. The Brotherhood sent the following telegram to Judge Tindsay:

The Boys' Brotherhood Republic representing the boys of Chicago, will raise \$500 pennies to pay your unjust fine. If Colorado needs the money we will furnish it. Campaign starts now; first collection 126 pennies.

RAILROAD STRIKE IS BREAKING
(INTERNATIONAL NEWS SERVICE) LOS ANGELES, Calif., Aug. 29.—The railroad strike which has tied up southern California and parts of Arizona and Nevada for the past eight days is breaking.

Trainmen of all crafts began to report for work early this morning, after voting last night that they would return to their jobs at seven a. m. today, in accordance with the order of Director General Hines of the United States railway administration.

The surrender of the railroad men was unconditional. The Southern Pacific, Santa Fe and Salt Lake lines made preparations to move trains practically on schedule time.

WANT TEETH FOR FOOD ACT FOR PROFITEERS

WASHINGTON, Aug. 29.—Senators interested in the prosecution of food profiteers made efforts today to get the amendments to the food control act, requested by Attorney General Palmer, before the senate for a vote.

Senator Harrison of Mississippi conferred with Senator Sterling of South Dakota, in an attempt to have the prohibition enforcement law laid aside when it comes up and have the senate take up the consideration of the amendments which would give the attorney general the power to punish those who make unjust and unreasonable prices. Senator Sterling has been given the right of way with the prohibition bill after the oil land leasing bill is disposed of.

"I am hopeful that I will be able to reach an agreement with Senator Sterling so that the amendments may be taken up by the senate next week," Senator Harrison said today.

"I don't believe that it will take up very much time of the senate and will not delay action on the prohibition enforcement bill for long. I do not believe the fight against the amendments will be a long one."

HAMMOND SUPERIOR COURTS

Emma Kroer vs Eva Horner, et al., is the title of an appeal for Justice Ames' court filed in the Hammond superior court. Kietz and Tinkham, represent the plaintiff.

The suit of J. S. Blackmun, guardian of Mary Davis, against W. J. Davis, for possession, which was filed in the court of Justice Ames, has been certified to the Hammond superior court. Gillett and Sheerer are the attorneys for the plaintiff.

Raymond Bovtosik, has brought suit for damages against the C. L. & S. B. railroad for injuries which he sustained on August 8, when he was struck by a South Shore train at the Hohman street crossing in Hammond. Mr. Bovtosik says he was going south on Hohman street and as he neared the crossing no train was in sight but that suddenly he was struck without a warning. He was struck and received injuries which he says will cripple him permanently and therefore he is asking for \$3,000. His attorneys are Fred Barnett and J. W. Todd.

A. F. KNOTT'S BACK FROM MICHIGAN

A. F. Knott, secretary of the Lake County Historical Society, is home at Gary from a month's trip up at Buchanan, Mich. He came home to attend the historical pageant given by the society at Crown Point Labor Day after which he will return to Buchanan.

LIEUT. COL. ROOSEVELT IN GARY SUNDAY

When Lt. Col. Roosevelt steps on the stage at the Gary Theatre in Gary Sunday afternoon at 3 o'clock, he will be greeted by a packed house. This was in evidence yesterday when the news gained circulation that the Gary post of the American Legion had been successful in bringing him here.

Hundreds attempted to make reservations last night and today but there were none made, except for the war mothers, who will be seated in the boxes, and the first eight rows for the G. A. R. soldiers, sailors, marines and other war veterans. The balance of the seats will not be reserved.

The Roosevelt party, composed of Colonel Milton Foreman, Major Albert J. Sprague, Major Thomas R. Gowerlock and Major E. J. Searey will motor from Chicago to Gary. The hour of their arrival is not known.
